

12" x 20" VARIABLE SPEED WOOD LATHE

The newest addition to our JET® line of Woodturning Lathes is the model JWL-1220VS. This new variable speed, 3/4HP lathe supports stock up to 12" in diameter and 20" in length. This little powerhouse features variable 270-4200RPM continuous speed operation, a self-ejecting tailstock for added safety, spindle lock and indexing capability for fluting and veining applications, built-in work light to illuminate your work piece, and much more. If you are looking for a big lathe for your shop, but are short on space, give the Jet JWL-1220VS a try, you'll be glad you did.

JWL-1220VS: 12" x 20" VARIABLE SPEED WOOD LATHE

- Continuously variable speed operation from 270-4200 RPM
- Heavy-duty cast iron lathe bed adds stability while limiting vibration during operation
- Indexing mechanism allows for fluting and veining operations
- Self-ejecting tailstock for safe and easy removal of tooling
- Cam-lock mechanisms allow adjustments of the tailstock and tool rest base
- Hollow tailstock and removable tip on live center allows for hole boring through stock
- Convenient worklight allows better lighting right on the workpiece
- Includes: 6" and 10" tool rests, storage tray, integrated cord wrap and 3" face plate

STOCK NUMBER	708376VS
Model Number	JWL-1220VS
Net Weight (lbs.)	125
Swing Over Bed (in.)	12
Swing Over Tool Rest Base (in.)	9-1/2
Distance Between Centers (in.)	20
Speeds (RPM)	Variable 270-4200
Headstock Taper	MT-2
Spindle Nose (in. x TPI)	1 x 8TPI
Tailstock Taper:	MT-2
Hole Through Tailstock (in.)	3/8
Ram Travel (in.)	2
Spindle Taper	MT-2
Motor HP	3/4HP
Motor Phase	1Ph
Motor Voltage	115V
